

# THE BEAST OF REVELATION 13 & 17

"And here is the mind which hath wisdom. The seven heads are seven mountains, on which the woman sitteth. And there are seven kings: five are fallen, and one is, and the other is not yet come; and when he cometh, he must continue a short space. And the beast that was, and is not, even he is the eighth, and is of the seven [meaning Satan controlled all these past leaders too], and goeth into perdition. And the ten horns which thou sawest are ten kings [Eze 38:1-13], which have received no kingdom as yet; but receive power as kings one hour with the beast." Revelation 17:9-12

"the beast that was, and is not"

the other is yet to come"

Six of these *heads* are in the past, we don't need to concern ourselves with them. Keep in mind as you read that this is an *historical picture* of this woman on the beast thing. Meaning to say she is at the end of the matter and there are only going to be two mountains left in the end-time.
